**USPA NEWS** - Blue Prism (AIM: PRSM) a global leader in intelligent automation, has again been positioned by Gartner, Inc. in the Leaders quadrant of the "Magic Quadrant for Robotic Process Automation (RPA) In the 2020 report, Gartner evaluated 16 vendors and has positioned Blue Prism in the Leaders quadrant based on the company's ability to execute and completeness of vision. According to Gartner, "Leaders provide mature offerings that meet market demand and have demonstrated the vision necessary to sustain their market position as requirements evolve. Leaders typically possess a large, satisfied customer base (relative to the size of the market) and enjoy high visibility within the market. Their size and financial strength enable them to remain viable in a challenging economy. Leaders typically respond to a wide market audience by supporting broad market requirements.
